TEAM Overview

Our team consists of 5 team members:

- Xiaohan Fu
- Yihao Liu
- Yunguo Cai
- Yichen Hu
- Sifan Jiang

Xiaohan Fu

Xiaohan Fu is a passionate student with strong sense of responsibility and firm will.

He has a solid foundation in algorithms, operating system and graphics related topics.

Yihao Liu

Yihao Liu is god.

Yunguo Cai

Yunguo Cai majors in Data Science at the University of Michigan. She is a student with great patience, broad mind and spirit of hardworking.

As a data science student, she's good at mathematical modeling and other mathematics related topics.

Yichen Hu

Yichen Hu is a self motivated student with strong passion to challenge himself.

He has a soild foundation in algorithm and discrete mathematics.

Sifan Jiang

Sifan Jiang is a curious student with foundation in programming, algorithm, and artificial neural networks, and willingness to learn new knowledge.

Task Distribution

There's no clear distribution of tasks so far. We will work together and see the best arrangement.
